## *Commodore's Message*

Hello everyone,

I would like to thank everyone who joined us for our Sail Past event. In keeping with tradition our parade around the marina was led by Major David Thomas Leonard and the sounds of the Grimsby Phantom Squadron Air Cadets. Then we had the blessing of the boats by Reverend Stephen Lindsey followed by a moment of silence for those loved ones who are no longer with us.

This year, because of unsafe conditions, we decided to do the Commodores Salute inside the basin. Vice Commodore Doug Galvin and myself cruised the marina in a dinghy as we did our salute. At least there were fewer bugs this year!

I would like to thank Heidi Kirk and the Marel Real Estate Brokers for providing the beer and wine tasting tent. It was a great way to get the afternoon started.

Thank you to all the people who donated prizes and volunteered their time to make our raffle a success. I would also would like to thank Art Veldhuizen who donated the charcuterie board and our very own auctioneer Ron Coyne for raising the price so quick. With a special thank you to Hans Pauly and Carol McComb for being the top bidder for the charcuterie board. Congratulations!

A special thanks to Chef Gunter Lorscheidt who braved the wind and rainy conditions to serve us the delicious prime rib diner and Limani for hosting our event.

Lastly, I have to say thank to Steve Burgin, the FPYC Board and the tent set up team for all your hard work making it a very successful Day.

I hope you all had an enjoyable day. I sure did.

SINCERELY,

Jason Kirk

**Thank you to our Sail Past  
Corporate Sponsors and FPYC  
members for donating items for our  
raffle baskets and live auction!  
Your kind generosity and support is  
greatly appreciated!**

## Round Turn and Two Half Hitches Tying Instructions

### Round Turn and Two Half Hitches

The strong knot consists of two parts, a round turn and [two half hitches](#). The first part takes the initial strain and controls the load as you complete the knot. It also provides friction against the support.

It is critical for holding mooring lines. It fastens a rope to a fixed object such as a post, tree, ring or column. It retains 75% of the line strength.

## **Karyn's Kitchen**

What goes better with a Summer BBQ or pasta than delicious garlic bread and this one is even better with yummy Asiago Cheese. You can substitute with Cheddar or any other of your favourite cheeses that melts well. This makes a great appetizer to share too. Bon Appetit!

### **ASIAGO CHEESY GARLIC BREAD**

- Sour dough round bread
  - 1 stick butter
  - 2 tsp olive oil
  - 3 cloves garlic- chopped
  - Fresh parsley
  - 1 cup grated asiago cheese
- 
- Melt butter in saucepan. Add 2 tsp olive oil, garlic and chopped parsley
  - Cut bread into thick slices, but not to the bottom of the bread. Do ½ turn and cut into the other direction.
  - Put a large sheet of tin foil on a cookie sheet or pizza pan. Put bread in center. Brush butter mixture between slices of bread throughout. Add cheese, being sure to get some between bread slices. Put remaining cheese over top of bread. Tent foil over bread, but don't fully seal and be careful to not have foil touching top of bread or cheese will stick to it.
  - Bake in 400-degree oven for 10 minutes – remove and take foil off the top of the bread. Bake another 5 to 8 minutes until cheese is slightly browned on top. (this can also be done on the BBQ, but best to put pan on the side of the BBQ without the burner on underneath, so as to avoid burning the bottom).
  - Break apart to serve.

Please be aware this is already a bad year for ticks. Please be diligent and check yourself, kids and pets frequently. The below links are fantastic resources.

Let's stay safe!

## Ticks and Lyme Disease - What you need to know

A tick is very small and can range in size from a poppy seed to a small grape (when engorged). They do not jump or fly.

Ticks are normally found in forested areas or areas with long grass, where they attach themselves to humans and animals passing by.

On humans, ticks normally attach to areas such as the groin, armpits, hairline or behind the ears.

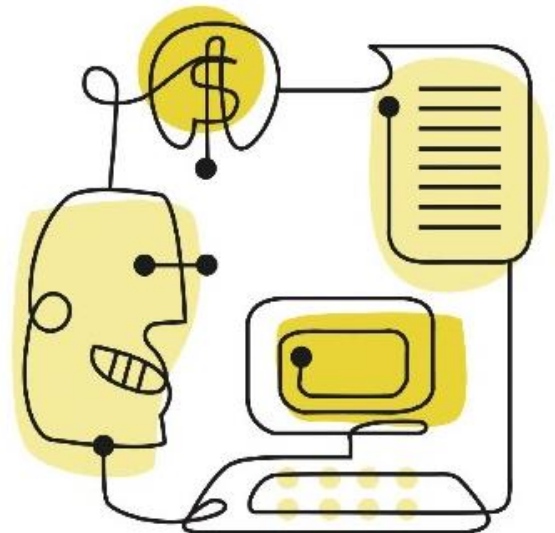

Please click the following links for more information.

[Niagara Region](#)

[Public Health Ontario](#)

Should you find a tick, please place it in a bottle or bag and bring it to the [Niagara Region Public Health Department](#), they will test the tick for Lyme Disease.
