From the Bridge...

Stephen Middleton, Commodore

May

Welcome to spring. You know it's arrived, there are the tell-tale signs - boats in the basin, burgers on the barbeque and bouncing barometers. Asherah is in the water and the Pre-Splash event was a sell-out. There is something about the combination of sunshine and free food that is a sure draw. If you recall pre-splash over the past couple of years, it is probably with a shiver. We huddled in the D-Dock shelter, still managed to have fun, but when it was all done we had lots of leftovers. This year we started with the same amount of food and had to run out for more supplies halfway through. All in all, I call that a good week!

Following the pre-splash you may have noticed the activity around the storage/junk room across from the BBQ's. This was the clean-up work I talked about in the last issue. Many years of accumulated stuff were examined and sorted into piles for dumping, saving, or taking home for cleaning and safe-keeping until the work is completed. Over the next week or so we will start the cleaning and repainting and the last step is refurbishing. This will include new cupboards, countertop, fridge, small appliances, tables and chairs. This puts the room back together and ready for use by boaters as a meeting room, games room, event-preparation area, and so on, plus some well organized storage. It will also be a space where we can display some of our FPYC history (previously stored in various piles and bins, stacked on top of storage cabinets or, in the case of the FPYC Rudder, in the Marina Office). We will have, in effect, a small but serviceable and flexible "club lounge."

The items and work described above will just about consume the budget that the Board can approve directly for a single project. However, we have space in the room plan for a small sofa/love seat and two chairs. A donation of furniture is not ruled out and we are checking a couple of possibilities. A decision to buy new furniture will require approval from members. That is you. So, as we are all around preparing boats for the season, please take the opportunity to let us know what you think. So far, I have heard a good number of supportive comments, good suggestions, some skepticism about how the room will be used and a couple of dissenting votes. I am sure everyone has some thoughts on this and in the end it will come down to what the majority of you want.

Now back to those signs of spring: The cruise sign-up is open, SailPast is just a couple of weeks away and the new member potluck/welcome bash is a week after that. Also, plan to attend the Cold Water Boot Camp course, it could save your life.

Check this issue for more information on everything that is coming soon and what we have planned for the rest of the season. And as a final reminder, the deadline for the discounted membership renewal passed April 30 and the membership card information has gone to the printer. It isn't too late to renew, it will cost a little more and your card will come later, but it is still a fantastic value.

Here's to a great 2016 season. Cheers!

Stephen

Sailboat Pursuit Race

Pursuit style racing is a simplified fun style racing. Each boat is given their own start time based on the type of boat, the size of sail carried etc. The boats are handicapped by adjusting the start time, so that the boats although starting at different times (perhaps up to 5-8 minutes from the first to last boat) will finish relatively close together, so that the first boat to cross the line is the winner, the second boat is second etc. There is no need to wait for the results to be handicapped after the finish in order to determine the winner. You can see who is winning by the order of the boats crossing the line.

We plan to use this format for a race at SailPast and also on various Sunday's throughout the summer. (check the website calendar for future dates)

If you plan to attend the SailPast pursuit race, please let me know ahead, so that I can calculate the start times of each boat participating.

May Race Report

By Garry Cooke

FPYC YACHT RACING SEASON

The racing season is approaching, so I would like to hear from all those interested in either racing their own boat or crewing.

Again this year we will be able to race with Newport on Tuesday evenings. Contact me if you wish to race.

Other Racing events at FPYC will be fun, friendly-type racing, such as pursuit-racing, where each boat will have their own start time, with the goal of all the boats finishing together. The time adjustment at the start will be based on your yacht handicap. These races will be run a couple times per month on weekends throughout the year. I will prepare a schedule so that there is plenty of advanced warning of the dates. For those that are interested in this format, please contact me.

I will be updating the schedule for the pursuit races at the beginning of May, so you can plan to attend in advance of the events.

Garry Cooke

Meet your New Executive

Cate Baldwin—Social Director

My husband, Stephen and I first started sailing back in the late 1980's with a friend of ours that I worked with at the Shaw Festival Theatre in Niagara-on-the-Lake. Murray had a 26' Contessa first then a 32' Bayfield that we happily crewed on out of NOTL yacht club several times and across Lake Ontario to Toronto a couple of times as well. We both really enjoyed this but never anticipated owning a boat of our own. Several years after that, we moved away from the Niagara region to Waterdown and were missing sailing. It was then that we purchased our first sailboat, a "Spirit 28" in the Fall of 1998. It was an estate sale boat we found down in Michigan. We brought it up to Lake Ontario and sailed out of LaSalle Marina in Burlington for several years. When we got the itch for a bigger boat (as everyone seems to do...), we loved the interior and comfort of the DuFour 39's. However, we couldn't find a good used one at the time. We were on a week-long vacation, sailing along the Southern coast of Lake Ontario in 2003 when we stopped in at a favourite spot of many, Wilson's Yacht Club in NY. It was there that we saw our first Endeavour sailboat and she was a beauty. I immediately went home and researched all I could find out about this brand and found out that the layout of the Endeavour 38 was pretty much identical to the DuFour 39 layout that we had loved! So, back to the "boats for sale" pages and I found our "Island Fever" Endeavour 38 down in Florida. We made the trip down, and found it was in pretty rough shape so we decided against it. But, after lots of thought and discussions, we decided to go ahead and take on a project.

That was 13 years ago, and we have been lovingly restoring her ever since. She's still got work to be done on her, but I've yet to meet anyone who doesn't have some project on the go with a boat! My husband, Steve has always been an incredibly handy, talented guy and knows an awful lot about boats, maintenance, motors, electronics, you name it, he does it. He's been a real blessing to all of the work that has been done on our boat over the years. We moved Island Fever to our beautiful slip, J8 (please come & say hello!) at Fifty Point about 6 years ago and just love the marina, the great friends we've met, our beautiful sheltered area and the ease of getting out on the lake!

We used to run a part time used boat parts and maintenance business called "Barnacle Bill's", but it got to be a bit too busy, with us both working full time, so we had to give it up a couple of years ago. However, Steve still does a lot of buying and selling boat parts and helping folks put systems, etc. together. I've recently retired after 30+ years in the live theatre industry (production management), and most recently in the industrial automation industry (financial management). Since retiring, Steve and I have moved to Cambridge, so he can have a shorter commute to work and we're closer to his aging parents. I'm so happy that I've been able to really explore my life-long passion for art in the past few years and now I have my home paint studio all set up. I've been able to show and sell many of my paintings and I hope to become more and more involved in the arts communities wherever we go – even cruising the islands! I just have to figure out how to set up a studio on the boat!! I've recently created a website for my artwork – www.catebaldwinart.com. Please take a visit if you get a chance

Meet your New Executive

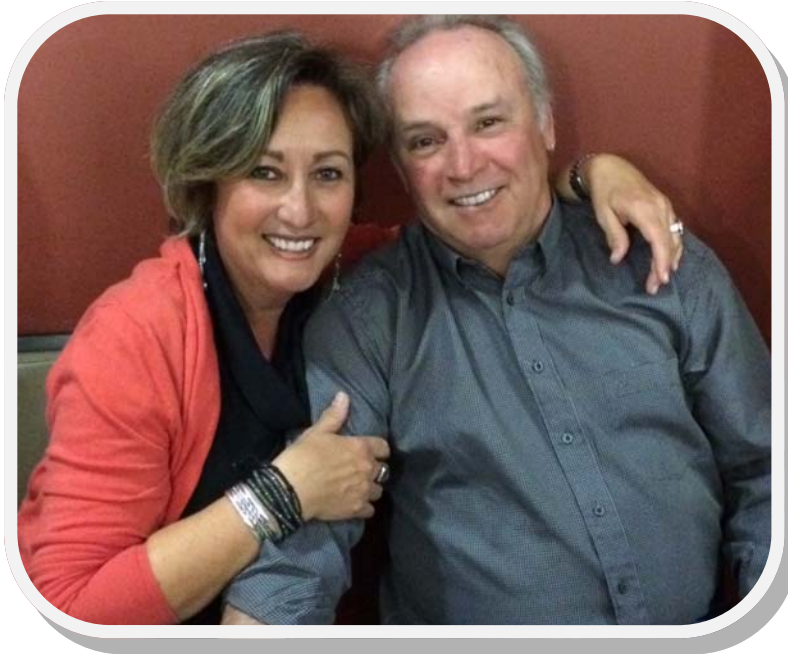

Cate Baldwin—Social Director

Steve & I hope to one day take our Island Fever back down to the warm Southern waters, hopefully next year. We are looking forward to new adventures cruising around the Caribbean, meeting new people and enjoying our boat. We'll have our little 4 legged mate, "Juno", our 2-year-old Shichon (or as Steve calls her our "Shitbee" (she's a Shih Tzu / Bichon cross). She is a very friendly little sailor and has made lots of friends as well. We also have plans to one day make our permanent home out in B.C. where our 2 grown kids and our 3 grandchildren are living... life is short – keep busy, keep it interesting and do the things you love!
